Res. act  
1.8  
Aug 1st

"The importance of an adequate food supply, especially for the present year, is superlative. Without abundant food, alike for the armies and the peoples now at war, the whole great enterprise upon which we have embarked will break down and fail."—The President of the United States.

# HELP A FARMER

Get Out to Work To-day

**Retired Farmers, Husky Young Men, College Students, City Men from the Country—Not Called for Military Service**

Others are offering their lives—You are asked merely to give a little of your time and labor to your country.

**JUST A PART OF YOUR VACATION?  
A FEW DAYS SPARED FROM YOUR BUSINESS?**

## THE FARMS NEED YOU

### Women

To help farm women cook the extra food and do the housework necessary to care for the harvest and other hands—the active "soldiers of the commissary."

### Boys and Girls

To pick, sort, and pack fruit and vegetables. To help can or dry surplus products. To fight weeds and do light tasks that will release men for the heavy farm work.

## A FARMER EXPECTS YOU!

If you don't know him talk with your local farm-labor representative, or write to your county agent, State agricultural college, or your State labor committee—say: "I'll help the Nation by helping its farmers and farm women," and give your name and address.
